# Activity Since Last NDIA PMSC

---

- **Submitted abstract for IPM Conference Workshop**
  - **Wrap up of Risk Management/EVMS Survey results**
  - **Summarize team's recommendations to the NDIA PMSC**
  - **Facilitate discussion concerning recommended next steps, e.g., development of guidance for integrating RM with EVMS**
- **Held team meeting on 6 August**
  - **Completed draft for white paper**
  - **Assigned sections to authors**
- **Still awaiting final analysis of survey results by Dick Coleman**

# Follow-up on Best Practices

---

- All attempts to follow up with survey respondents re their best practices have failed
- Will continue to elicit best practices via fall IPM workshop and through NDIA PMSC membership

# Team Recommendations to PMSC

---

- **Develop language that specifically addresses the integration of risk management with other PM processes, especially EVM, for insertion into the following guidelines and handbooks:**
  - **DoD *Risk Management Guide* update**
  - **ANSI/EIA 748, Guidelines for EVMS (next update cycle)**
  - **Mil Handbook 881 update**
  - **EVMIG**
  - **Other policy/guidance documents, e.g., OMB guidance**
- **Work with DAU to incorporate program management process integration into its courseware**
- **Recommend PSMC establish follow-on team(s) to implement these recommendations if acceptable**

# Tasks Remaining for This Team

---

- Publish survey results and best practices gathered by team on PM CoP
- Finish white paper and present it at fall IPM conference
- Declare this team's effort complete
