Organization

Policy, Training, and Tools

DEFENSE CONTRACT MANAGEMENT AGENCY

- **Standard Surveillance Instruction (SSI)**

- **Compliance Review Instruction (CRI)**

- **Earned Value Management Implementation Guide (EVMIG)**

- **Program Analysis Handbook**

- **EVM Specialist Certification Program (ESCP)**

DCMA
DEFENSE CONTRACT MANAGEMENT AGENCY

- **Streamlines routine surveillance**

  - **3 year surveillance cycle**

  - **Reduced number of GLs reviewed per year (16/16/32)**

  - **Quarterly surveillance events**

- **Addresses Business System Rule as it applies to surveillance activities**

- **Provides additional templates to ensure quality products**

- **Update to CRI will:**

  - **Streamline the compliance process by reducing number of steps**

  - **Address Business System Rule**

  - **Incorporate several changes as a result of the Collaboration Workshop**
    - **Remove severity levels from Discrepancy Reports (DRs)**
    - **Vetted DRs will be shared with contractors onsite**

  - **Improved sub-processes to ensure efficiency and repeatability**

DCMA
DEFENSE CONTRACT MANAGEMENT AGENCY

- **EVMIG needs to be updated**

- **Will be split into multiple documents**

  - **Performance Assessment and Root Cause Analysis (PARCA) will maintain EVM portion**

  - **DCMA will maintain EVMS portion**

- **Once the decision is finalized DCMA will update and publish a revision**

Program Analysis Handbook

- **Provides basic information for DCMA EVM Specialists performing program analysis**

- **Intended to improve the quality of monthly DCMA reports to program offices**

- **Supported by ESCP training course and analysis templates**

EVM Specialist Certification Program (ESCP)

- **The program is now entering its second year**

- **Created minimum requirements for EVM Specialists performing program analysis or system surveillance**

- **Successfully created and deployed training to DCMA EVM workforce**

- **Enhancing the quality and consistency of DCMA EVM products**
