

Issues and Concerns

April 29, 2014

Policy Related - PARCA

- **IPMR – Digital signature: Please define the requirement with regard to second and third tier be required to submit a digital signature when that data at that level is not delivered to the Central Repository.**

Policy Related - General

- **CAR – Root Cause Analysis: With a corrective action being in place for 9 months, why would a discussion on the quality of the 5 whys still be an issue? Wouldn't looking at the final product (LRE) be an indicator that the behavior changed?**

Policy Related - General

- **Are there any key lessons learned as new contracts are being implemented on the new IPMR?**

- **The cost to industry caused by the minimal amount of reciprocity (working individual agencies or processes is a multiplier for industry)**

IPMD Board/Other

- **Look more broader at Program Management. EV is only one aspect.**
- **Should start thinking about common mistakes Program Managers make.**
- **How do we better prepare Program Managers at start up**
- **Enhanced ways for Program Managers to use EVM as a tool**

IPMD Board/Other

- **Best practices and alternative compliant ways of Subcontract Management and Subcontract Integration (EVM Focus)**
