Integrated Program Management Division Meeting

The background of the page features a blue-tinted image of a world map with a grid overlay. In the foreground, there are silhouettes of approximately 15 business professionals in a meeting room, some standing and talking, others looking at documents or devices. The overall aesthetic is professional and global.

NDIA and IPM Division Overview

The National Defense Industrial Association (NDIA) is the trusted leader in defense and national security associations. NDIA has 1,600 corporate and 85,000 individual members and is a non-partisan, non-profit, educational association.

NDIA Vision Statement:

NDIA is the trusted leader in defense and national security associations.

NDIA Mission Statement:

NDIA engages thoughtful and innovative leaders to promote the best policies, practices, products and technology for warfighters and others who ensure the safety and security of our nation.

- Champion issues that contribute to the strength, resiliency and capacity of the industrial base
- Build a vigorous, responsive and collaborative community in support of defense and national security
- Convene legal and ethical forums for exchange of ideas, information, viewpoints and capabilities

NDIA's Integrated Program Management Division (IPMD)'s Purpose:

Lead the Advancement of Integrated Program Management Through Industry and Government Partnership.

The IPMD's Strategic Themes and Goals:

Strategic Themes:	Thought Leadership in IPM	Collaboration
Strategic Objectives	Create and maintain standards and guides	Develop and maintain communications plan for key stakeholders
	Conduct forums and meetings to advance IPM practices	Engage and participate with government and industry executive leadership
	Provide and publish industry perspectives on IPM topics	Engage and participate in other industry groups that foster the advancement of IPM
	Develop a pipeline for future IPM leaders	Engage and participate with academia and other educational entities

The Charter for this Event:

This is a quarterly meeting of government and industry leaders and practitioners in the Integrated Program Management community to share best practices and trends, and to discuss challenges in the planning and execution of programs.
