## WHO WE ARE

The National Defense Industrial Association is the trusted leader in defense and national security associations. As a 501(c)(3) corporate and individual membership association, NDIA engages thoughtful and innovative leaders to exchange ideas, information, and capabilities that lead to the development of the best policies, practices, products, and technologies to ensure the safety and security of our nation. NDIA's membership embodies the full spectrum of corporate, government, academic, and individual stakeholders who form a vigorous, responsive, and collaborative community in support of defense and national security. For more information, visit [NDIA.org](http://NDIA.org)

8:00 am – 5:00 pm

# INTEGRATED PROGRAM MANAGEMENT DIVISION

## WHO WE ARE

The purpose of the Integrated Program Management Division (IPMD) is to lead the advancement of integrated program management through industry and government partnership.

## OBJECTIVES

- Provide thought leadership in Integrated Program Management (IPM). The Division achieves this by conducting forums and meetings to advance IPM practices as well as providing and publishing industry perspectives on IPM topics. As the author and steward of the EIA-748 Standard for Earned Value Management Systems (EVMS), the Division also creates and maintains industry standards and guides.
- Collaborate with key stakeholders. The Division proactively engages and participates with government, industry executive leadership, industry groups, academia, and other entities to foster the advancement of IPM.

## IPMD MEETING PROVIDES AN OPPORTUNITY FOR YOU TO

- Interact with government policymakers to gain a better understanding of their mission and comment on proposed regulatory changes. You gain first-hand information on current topics such as impending policy, leadership, regulatory, or process changes that can affect programs.
- Broaden your professional network by working with industry leaders, organization leaders from a variety of sectors such as civilian agencies and DoD services, as well as other related program management disciplines such as systems engineering.
- Meet and seek advice from experts or share program management best practices with industry and government counterparts.
- Contribute to industry guides, white papers, and working groups. The IPMD working groups are the best way for you to get involved and gain the most from the IPMD meetings. Formed and disbanded as needed, the working groups proactively address current issues.

# EVENT INFORMATION

## LOCATION

Hyatt Regency Dulles  
2300 Dulles Corner Blvd.  
Herndon, VA 20171

## LODGING

Hyatt Place Herndon Dulles Airport East  
13711 Sayward Blvd.

## EVENT CONTACT

**Lynette Petito**  
Meeting Planner  
(703) 247-2572  
[lpetito@ndia.org](mailto:lpetito@ndia.org)

## ATTIRE

Appropriate dress for the meeting is business casual for civilians and Class B uniform or uniform of the day for military personnel.

## PROCEEDINGS

Proceedings will be available 10 – 14 business days from the last day of the meeting. All proceedings require release confirmation from the presenter. A secure, direct link to the proceedings will be sent to attendees after review from the Defense Technical Information Center (DTIC).

## SURVEY AND PARTICIPANT LIST

A survey and list of attendees (name and organization only) will be emailed to you after the meeting. NDIA would appreciate your time in completing the survey to help make our event even more successful in the future.

## HARASSMENT STATEMENT

NDIA is committed to providing a professional environment free from physical, psychological and verbal harassment. NDIA will not tolerate harassment of any kind, including but not limited to harassment based on ethnicity, religion, disability, physical appearance, gender, or sexual orientation. This policy applies to all participants and attendees at NDIA conferences, meetings and events. Harassment includes offensive gestures and verbal comments, deliberate intimidation, stalking, following, inappropriate photography and recording, sustained disruption of talks or other events, inappropriate physical contact, and unwelcome attention. Participants requested to cease harassing behavior are expected to comply immediately, and failure will serve as grounds for revoking access to the NDIA event.

# AGENDA

## TUESDAY, MAY 1

5:00 – 7:00 pm

### COMMUNITY CONNECTION

ATRIUM

Come engage with first-time attendees and those who have not attended a recent IPM Division Meeting prior to the primary meeting activities. We encourage all participants to attend and network to engage the “newcomers” in our community!

*Chair, NDIA IPM Division*

The NDIA has a policy of strict compliance with federal and state antitrust laws. The antitrust laws prohibit competitors from engaging in actions that could result in an unreasonable restraint of trade. Consequently, NDIA members must avoid discussing certain topics when they are together at formal association membership, board, committee, and other meetings and in informal contacts with other industry members: prices, fees, rates, profit margins, or other terms or conditions of sale (including allowances, credit terms, and warranties); allocation of markets or customers or division of territories; or refusals to deal with or boycotts of suppliers, customers or other third parties, or topics that may lead participants not to deal with a particular supplier, customer or third party.

# CONFERENCE SPONSOR

## ARTEMIS

Artemis is the leading project management software provider for large-scale program performance solutions where investment management and cost control are of paramount importance. Artemis has over 30 years' experience helping companies execute critical and complex projects on time, on budget and on value.

Artemis Views 2018 is the only true end-to-end EVPPM solution for large, complex projects. Views is redefining EVPPM as the only enterprise project and cost management solution with a unified database that gathers project, cost and scope together in one interface. Views single cost and schedule database combines with advanced real-time dashboards and analytics, providing total cost visibility within the project schedule and EVAS compliance as you work. Accurate and real-time EV calculations are possible with our singular database and powerful rating engine.

### WHY ARTEMIS

#### Defense Specific Product:

Our solutions are designed to support the large defense contractor's integrated performance management needs. We offer full earned value management capabilities, government compliance features and up to the moment analytics.

#### We Focus & Guarantee:

Large Defense Contractors is where we concentrate our development and innovations. We work with you to identify a business case, demo your data, and we guarantee a ROI. We are focused on the success of several new customers per year, not hundreds.

#### End-to-End:

Enhanced project management capabilities through a single, synchronized product suite that gathers projects, costs and resources together in one unified, modern interface.

#### Platinum Support Plus:

Our platinum support plus program includes custom configurations, even specific dashboard needs or report requests and access to our app store that contains frequently requested reports that you can download into your environment.

Artemis Views 2018

One tool. One view. One team. One result.
